COMMERCIAL INTELLIGENCE

SATURDAY EVENING, NOVEMBER 5.

REUTER'S various quotations for securities in London exhibited no change yesterday, and rates of discount continue unaltered.

In the Produce markets Coffee is again 1s. per cwt. higher, Cocoanut-oil unchanged. Rapeseed is firmer, with a partial advance of 3d. Bombay Linseed on the spot is quoted 1s. per cwt. lower. Wheat is unchanged.

Piece-goods in Manchester are reported quiet at previous prices. Reuter gives us the shipments of Goods and Yarns from the U. K. for India during the month of October. Both for Bombay and Calcutta the figures are very heavy, and it seems evident that the markets on this side will be kept continually overstupplied during the season.

The Liverpool Cotton market yesterday closed steady, sales 12,000 bales; and to-day with a hardening tendency, sales again 12,000 bales, of which 1,500 were Surats,—an unusually large proportion. Spot prices are unchanged, but American deliveries are quoted 1-32 higher. In New York ready Mid. Uplands continue unchanged at 11·58 cents; but February shipment, which advanced yesterday from 11·97 to 12·02, has receded again to-day to 12 cents per lb.

We subjoin our usual comparison of the statistical position of the staple. The most noticeable feature is the rapid way in which the visible supply is getting down to the level of last year, the overplus now being only 172,000 bales. This of course arises from the comparatively small receipts at the American ports, which up to date show a deficiency as compared with last season of 258,000 bales. During the current week, however, a portion of this will probably be recovered, as the figures for the corresponding week last year were small; in fact, if no such movement is developed, we must shortly come to the conclusion that very small crop estimates are fully justified.

The American Crop figures to date give the following comparisons with the two previous seasons :—

	1881.	1880.	1879.
Week's Receipts.....	215,000	233,000	214,000
" Exports to U.K.	49,000	76,000	96,000
" " to Continent ..	65,000	73,000	39,000
Total Receipts since 1st Sept...	1,376,000	1,634,400	1,465,100
" Exports to U. K. "	442,700	562,600	528,000
" to Continent "	218,100	277,700	157,600
" Stock in the Ports	697,000	704,000	586,000
Saturday's Receipts.....	32,000	30,000	29,000

The total visible supply of Cotton for all Europe on the 4th instant compares with the same date on the two previous years as follows :—

	1881.	1880.	1879.
Total supply of all kinds ..	2,190,000	2,018,810	1,725,570
" Surats ..	311,000	253,980	285,940

For the U.K. only the figures are :—

Stock in Liverpool	509,000	406,980	295,560
" London	46,000	42,270	52,830
American Afloat	160,000	231,000	236,000
E. Indian "	41,000	32,000	41,000
Price of Mid-Uplands	756,000	732,250	625,300

	4¼d.	4¼d.	5 3-16d.
Difference..	2¼d.	1¾d.	1 9-16d.

EXCHANGE.—With Bar Silver in London quoted 1-16d. lower at 51¾d. per oz., the market opened this morning with a quiet feeling at a decline of 1-32d. The Calcutta telegrams, however, coming unexpectedly firm, demand Bank Bills being quoted there at 1s. 8d., a steadier tone set in during the day, and at the close there were certainly more sellers than buyers at our quotations.

Bank Bills on demand	1s. 7 29-32	per Rupee.

Do. 3 months' sight....	1s. 8 1-8d.	"
Credits. 3 " "	1s. 8 7-32d.	"
Documents, 3 " "	1s. 8¼d.	"
France 3 " "	2f. 13½c.	"

On Calcutta rates are unchanged at par for demand, 7-8 per cent. discount for 60 days' sight.

GOVERNMENT PAPER is quieter again at Fours Rs. 101½; Fours-and-a-half Rs. 109¾.

SHARES are firmer. Bank of Bombays are ¼ per cent. higher at Rs. 732½. Press shares are firm, Apollo being Rs. 10, Mofussil Rs. 7½ and Prince of Wales Rs. 80 higher. In Land Companies Colabas are Rs. 2½ higher. Spinning and Weaving Mill shares are firm, and in some cases Rs. 5 to Rs. 10 per share higher.

COTTON to-day has evinced decidedly more firmness, and since yesterday afternoon a considerable business has been done, some 1,200 to 1,500 bales New Good Faizpore having been contracted for at Rs. 201 to Rs. 202 per candy for December to March delivery. The appearance of the weather is causing some little anxiety at the moment. In the Dharwar districts heavy rain has fallen, doing great good to the crops; but should a heavy fall take place in Khandeish and the Berars, the result would be most disastrous. We quote to-day :—

Good Omra, March delivery. Rs. 201	per candy.			
F. G. F. do. do.	do.	196	"	
G. F. do. do.	do.	186	"	
Good Broach do.	do.	228	"	
Do. Dhollera, April	do.	204	"	

SEEDS and WHEAT are quiet at unaltered prices.

FREIGHTS are firm for Continental ports, but for Liverpool slightly easier again, 42s. 6d. being quoted for this month's loading, 40s. for December.

PIECE-GOODS are quieter again, the large shipments making buyers somewhat chary of buying largely ahead.

COALS are very firm for distant loading, but for stocks on the bunder the inquiry is dull to a degree.

The Bombay Gazette

MONDAY, NOVEMBER 7, 1881.

A MATTER has recently been under discussion between the Government of the Straits Settlements and the Secretary of State for the Colonies, which is of considerable importance to India. Major Baring, in his last Financial Report, alluded to the "pressure of the population upon the soil, which year by year increases in intensity," as presenting "an economic difficulty of the first magnitude." Many parts of India are, in fact, greatly over-populated—the Director-General of Statistics has calculated that in Bengal there are 715 people to every square mile of cultivated land, in the North-West Provinces and Oudh 824, and in Madras 627—and any proposal which promises to open up a suitable field and offers inducements for emigration must be a subject of interest to Lord Ripon's Government. Indian cooly labour is very much wanted, it appears, —indeed, is absolutely essential,—to open out the excellent agricultural lands of Perak and the other protected Native States of the Malay Peninsula. The Straits Government have repeatedly asked the home authorities to sanction emigration from India to these States; but their request was refused owing to some supposed serious difficulties in the way of procuring proper treatment of the coolies in States which are not British territory. Lord Kimberley wrote on the 20th of November, 1880, to the effect that for this reason he did not feel justified in recommending to the Secretary of State for India that the experiment of permitting Indian immigration into the Native States should be tried. The Straits Government, however, are so convinced of the importance of introducing Indian cooly labour into these States, that they refused to accept this discouraging reply as final, and in May last the Governor, Sir F. Weld, submitted another long letter on the subject to the Secretary of State for the Colonies, showing that Indian immigrants could be as effectually protected in Perak as in Province Wellesley or Ceylon, and pointing out that if the final decision were adverse to the course advocated, those who were prepared to embark to a large extent in planting in the Native States of the peninsula would be driven elsewhere, and the attempts made by the Straits Government "to introduce a large system of agricultural undertakings in the Native States, which would tend to the direct advantage of those States and to British interests," would receive a great blow and heavy discouragement, and "the solid improvement of the country be indefinitely postponed." Sir F. Weld sent with his letter to the Colonial Office a report from Mr. Hugh Low, British Resident in Perak, who states that in 1879 the pr

THE VICEROY'S TOUR.

(FROM OUR OWN CORRESPONDENT.)

DELHI, Nov. 5.

The Commissioner's garden-party at Kudsia Bagh yesterday afternoon was very interesting and successful. The Raja of Ulwar's band of fifty performers was present, and played excellently. The Viceroy and Lady Ripon were present.

Their Excellencies gave a reception at Ludlow Castle after dinner, at which a large number of civil and military officers and ladies and native gentlemen were present.

His Excellency the Viceroy's visit is a very quiet one. No illumination or display of any kind has been attempted.

DELHI, Nov. 6.

After returning from the Kutub yesterday evening, where the Viceregal party dined and spent a few hours, the Viceroy drove direct, at 10 o'clock, to the Institute. The roads were illuminated, the Institute itself being brilliantly lighted inside and outside.

A large number of people had assembled at the great durbar-room to meet the Viceroy. Colonel Young, the Commissioner, read the Municipal Committee's address of welcome. It expressed loyalty and devotion to the Queen, and referred to the importance of public works, as exemplified by the railways terminating at Delhi, which had greatly developed local resources. The address congratulated the Viceroy on the peace which had been secured, and recognised his encouragement of native industries. It referred to the introduction of the decentralization scheme, the working of which was looked forward to with interest. Reference was also made to the Delhi water supply, and the aid of Government was solicited in carrying out the scheme. The committee concluded by regretting the Viceroy's brief visit.

His Excellency replied at considerable length. The Viceroy thanked the committee for their loyal expressions. Referring to public works, H. E. pointed out that to their prosecution by Government there were strict financial limits, and dwelt on the importance of private enterprise, which he looked to second the efforts of Government. Lord Ripon referred to the desire of Government to employ local capital wherever possible. H. E. said that while not sacrificing India's honour to peace, he would use every endeavour to maintain it. Local industries would receive the best attention of Government and all possible assistance. The object of the financial decentralization resolution was to direct attention to the desirability of advancing and expanding local self-government. He was greatly interested in primary education, and while not grudging the advance made in higher and middle education, he thought the time had come for giving more attention to the subject of primary education. H. E. concluded by expressing his thanks for the welcome accorded to him and the pleasure the visit had given him, but regretted his brief sojourn.

The Viceregal party left to-night by special train at 10-30 for Agra. The departure was unofficial.

ARRIVAL OF MR. GRANT DUFF AT MADRAS.

(FROM OUR OWN CORRESPONDENT.)

MADRAS, Nov. 5.

The Right Hon. M. E. Grant Duff and Mrs. Grant Duff, leaving Raichore at two o'clock yesterday afternoon by a special train, arrived in Madras at 8 o'clock this morning. Mr. Grant Duff was received at the station by the principal civil and military officials of the Presidency. The railway arrangements were excellent. The Madras Volunteer Guards furnished a guard of honour at the station, and the Volunteer Artillery fired the salute. The attendance at the railway station was small, owing to the unwise interference of Government, who restricted the number of visitors, and caused the railway authorities to issue only fifty tickets of admission to the reception platform. There is great dissatisfaction in consequence.

On the arrival of the train Mr. Grant Duff, accompanied by the Chief Secretary to Government, drove in a carriage-and-six to the Government Office, Fort St. George, escorted by the Governor's body-guard, and was cheered on the way by the medical students at the General Hospital, a large crowd outside joining in.

At the Council Chamber Mr. Grant Duff was received by the Acting Governor and members of the Council, and after the reading of the warrant of appointment by the Chief Secretary, His Excellency took his seat. He then proceeded to Government House.

The Governor will hold a levée at 5 o'clock on Tuesday evening, and at 5 o'clock on Thursday evening Mrs. Grant Duff holds a reception.

The following appointments on the personal staff of His Excellency are announced: Captain Awdry, Private Secretary; Major Spencer, Military Secretary; Lieutenant Cavendish, aide-de-camp; Lieutenant Bagot, aide-de-camp; Lieutenant Evans Gordon, extra aide-de-camp; Dr. Mackenzie, Surgeon; Sirdar Bahadur Osman Khan, Native Surgeon. Major Kenney Herbert officiates as Military Secretary till relieved by Major Spencer.

(FROM ANOTHER CORRESPONDENT.)

MADRAS, Nov. 5.

This morning at eight o'clock Mr. Grant Duff arrived by special train from Raichore. He was received at the terminus by the leading officials and proceeded thence to the Government Office in the Fort. The Queen's warrant appointing him Governor was read in the Council Chamber by the Chief Secretary. A salute of seventeen guns was fired from the Fort battery. The proclamation of the new Governor's assumption of office was made in a *Gazette Extraordinary*.

His Excellency will hold a levée in the Banqueting Hall on Tuesday. Mrs. Grant Duff will hold a reception in Government House on Thursday.

The personal staff has been gazetted, the same as previously announced.

H. E. the COMMANDER-IN-CHIEF will inspect the troops in garrison in drill order to-day, on the general parade-ground, at a quarter past six o'clock. The following troops will be formed up in line in open order, facing west, with twelve paces interval between each battalion:—The Royal Artillery, the 2nd Royal Lancaster Regiment, the 7th Regiment N. I., and the 21st Regiment N. I.

GENERAL HARDINGE will proceed to Kurrachee per I. G. steamer May Frere, probably on the 8th instant to inspect the Sind District.

SOME alteration appears to be required in the arrangements for examining and granting certificates to mechanical engineers. The Board of Examiners is supposed to meet on the first Wednesday of every month, but we believe, as a matter of fact, no meeting has been held for the last three months, though we hear of several candidates who are very desirous of being examined and getting their certificates. If the Board as at present constituted,—Mr. Moylan and Mr. Cooper, we believe, are the members,—cannot manage to do the work, the sooner it is reconstituted, and some one appointed who can pay proper attention to the duties, the better.

WE hear that Captain Tennent has invited the members of D. Company, B. V. R., to an entertainment at the Victoria Gardens on Thursday evening next. The members of the company are to assemble at the Byculla sheds at 8 o'clock, and march to the Gardens. Friends of members will be admitted by ticket.

THE native papers state that the young Maharaja of Kolhapur is to be removed from Kolhapur to Poona, and placed under the charge of Dr. Joynt. The *Dnyan Prakash* remarks that "the Government of Sir James Fergusson evidently appears disposed to do everything in its power to bring about the recovery of His Highness the Maharaja."

IT is officially notified that ten days' quarantine are imposed at Fao on vessels from India and Gulf ports bound for Busrah.

THE habit of the *Pioneer* of quoting items of Bombay news as from "the Bombay papers" is sometimes a little misleading. For instance, it was not on account of "certain erroneous statements having been made in *the Bombay papers* regarding the exercise of private practice by the Principal of the Grant Medical College" that Mr. Hart had to "come forward with an authoritative version of the real facts of the case." The "erroneous statements" were made in the *Times of India* only. Again, a protest to the P. and O. authorities regarding the accommodation on board the s. s. Sumatra was not published by "the Bombay papers," as the *Pioneer* states, but by the *Bombay Gazette* only.

THE subscriptions from the North-West Provinces and Oudh to the Indian Patriotic Fund amount up to date to a lakh and nearly thirty-eight thousand rupees.

THE 14th Bengal Cavalry marched into Agra on the morning of the 3rd instant. Their arrival completes the number of troops which are to be present during the Viceroy's visit.

HONOURS for military service are becoming very cheap when officers lay claim, as a right, to a medal for such service as was performed in the Mahsudh Waziri expedition of this year, which was a mere marching tour through the Waziri country. We reproduce elsewhere a letter to the *Pioneer* from "Mahsudh Waziri," who evidently really regards it as a great grievance that the frontier medal has not been awarded for this expedition.

THE Lahore paper hears from Kabul that Sirdar Ahmed Khan has returned with a large amount of spoil taken from the prescribed chiefs, Mir Butcha, Jalawar Khan, and others. Mahomed Hussein Khan and one or two other "suspects" have been sent to Ghuzni, to be imprisoned in that fortress. After the action in the vicinity of Herat in which Ayoub Khan was defeated, Mahomed Musa Khan the young son of the ex-Amir Yakoob Khan, and the mother of Abdulla Jan were sent off with Ayoub's family to Meshed.

THE frontier correspondents report to the Lahore paper that the Khan of Dhir had assembled a body of troops on the frontier of Bajour, with a view of attacking the Khan of Chandoul. Arms, it is said, are now being exported from Afghanistan, and are brought through the Shinwari country for sale in India. The arrival of a large convoy of merchandise from Kabul is reported at Peshawur.

IT is reported that owing to fever and cholera in the Shikarpore District, A-4th Battery, R. A., returning to India from Quetta, will not march from Jacobabad, but will be railed to Kotri, and march thence to Kurrachee.

THE *Pioneer*'s correspondent late at Quetta, telegraphed from Kach, Nov. 3:—Colonel St. John, Agent to the Governor-General, accompanied by Colonel Lang, R. E., Mr. Barnes, and others, left Quetta on Monday for Sibi *viâ* the Hurnai route. General Hume with his staff left Quetta on the 1st by the same road, and will meet Colonel St. John at Kach to discuss the suitability of the place for a permanent military post. General Wilkinson's force also left Quetta on the 1st, but marches by the Kuchlak road to Mach, thence *viâ* Spintangi Tal, and so on *viâ* the Bozdar country to Dera Ghazi Khan. There is no fresh news of importance from Kandahar. It is said the Amir intends to leave for Kabul shortly after the Eed, as Kohistan and the Hazara country are said to be a good deal disturbed. Colonel St. John will probably arrive at Sibi, and make over charge to Colonel Waterfield about the 12th instant.

ANOTHER appeal to the Government of India for some legislative action restricting and controlling the sale of poisons comes from the Surgeon-General of Madras. In submitting the report of the Chemical Examiner for 1880-81, Dr. Cornish remarks:—"I feel that I should be wanting in my duty if I did not bring prominently to notice that the experience of the Chemical Examiner's Department shows most conclusively that the poisons resorted to by the people of India for criminal purposes are mainly common arsenical preparations, or mercurial salts, and that no restriction whatever is placed on the sale of such things in this part of India. I have no doubt that if some wholesome restriction was brought to bear on the trade in arsenical and mercurial preparations, and in some of the more common organic poisons, the crime of administering poison would be less frequent and more easy of detection than it now is, and I have ventured to hope that Government may be prepared to deal with the question in a law having for its object the restriction of the sale of poisons in this Presidency. It is not creditable to our administration in this particular, that within the last year no fewer than three persons in the town of Madras should have been enabled to commit suicide by purchasing at druggists' shops, without let or hindrance, quantities of chloralhydrate sufficient to cause death."

WE have received a copy of Mr. J. Harrington Trott's Railway Weight Calculator, comprising three perfectly accurate tables for the conversion of tons, cwts., and lbs., maunds and seers, and kilogrammes, cast in a convenient form, and calculated on the standards prescribed by Government for *all* railways in India, the authority for which is fully quoted and explained on the face of the calculator. These tables dispense with all troublesome multiplication and division, which is the source of errors committed in rapid calculations, and by the simple addition of two or three quantities, the equivalents of from 1 oz. to 1,000,000 tons, from 1 chatak to 10,000,000 maunds, and from 1 to 50,000 kilogrammes, are readily arrived at.

MR. ROPER LETHBRIDGE has, the *Englishman* says, offered his services to the Government for employment on the commission which is about to sit in Calcutta, in the coming cold season, on the question of State Education in this country. To great experience in education, gained during his service in the department, Mr. Roper Lethbridge adds a wide knowledge of men and measures, and his appointment would, no doubt, materially increase the strength of the Commission. He did good service, it will be remembered, as Secretary to the Text-books Committees, and it was mainly owing to his exertions that education was placed on its present footing in the district of Krishnagarh.

THE *Indian Daily News* is very decidedly of opinion that Abdul Rahman has no friendship for us, in spite of all we have done for him; and remarks that "whilst Abdul Rahman owes everything to the Government of India, he has ostentatiously withdrawn himself from its side. His behaviour at Kabul to Sir Lepel Griffin and Sir Donald Stewart showed that he would not compromise himself in any way as regards the power which was about not only to make over Kabul to him, but to supply him with the means to establish and consolidate his authority. No man could have held himself, under the circumstances, more distinctly or more strongly aloof from the British than did Abdul Rahman: and, as our contemporary has repeatedly pointed out, his whole conduct, for the time he has been master of Kabul, is of a character which even an apologist would have a difficulty in describing as either cordial or friendly.

THE Text-book Committee of the Central Provinces has offered a reward of Rs. 500 for the best book on agriculture. Manuscripts are to be sent in to the Inspector-General of Education, Central Provinces, up to June 10 of next year; but if the successful work does not come up to the standard required by the Committee, an abatement in the value of the prize will be made. The book should be written in English in the simplest style, and technical terms should be explained by notes. The book is intended to be translated, so as to be used in vernacular schools.

A RUMOUR has reached Yokohama to the effect that H. I. M. the Mikado has had a narrow escape of sharing the fate of the late President Garfield. It is reported that a native fired at him, and the bullet passed a few inches over his head. The would-be assassin is said to have been arrested.

A SINGAPORE paper states that the B. I. S. N. Co.'s steamer Malda, Captain G. Brown, which arrived there on October 15 from Calcutta, "made a very sharp run from Calcutta to Rangoon. She was detained two hours at Calcutta owing to an accident to the mail-train; but she did the trip just under 72 hours—very good time indeed. Captain Brown was in command of the Rajputana when she made the fastest passage on record between Calcutta and Rangoon about three months ago, viz., 71 hours."

THE Russian cruiser Asia, on a voyage from Vladivostock to Yokohama, picked up a Japanese fisherman, the sole survivor of a boatful of fifteen persons. The other fourteen had gone on board another boat during a typhoon, and that boat sank with all the double crew, some thirty persons. The man who was picked up had been six days without food or water, and was speechless, emaciated, and unable to eat. A large number of sharks surrounded the frail boat in which he lay, and had bitten him in the arms and body.

NEWS was received in Shanghai at the beginning of October of a desperate encounter between pirates and a force led by the captain of a Chinese gunboat. It appears that some time ago a raid was made on a piratical den near Wênchow, where the pirates on being hardly pressed ran their junks ashore and took to the mountains; and six junks were taken and destroyed. On the 18th September Captain Yip Foo of the Chinese gun-vessel ChiuMoo, landed with a few of his sailors, collected a few soldiers to strengthen his party, and proceeded to attack the pirates in their stronghold at Tai Keng San, near Yoke-ho Bay. The fight lasted three hours, and whilst leading the assault the gallant Captain was shot dead. However, the pirates were ultimately beaten, and thirteen prisoners taken. This was the first account received, but later a different tale was told, not quite so flattering to the valour of the Chinese soldiers and sailors. The story first told appears to have been an invention to hide the shame of their cowardice. The pirates in ambush fired the first volley, and Captain Yip was wounded; his men fled without firing a shot, and left their captain to the mercy of the pirates, who decapitated him and carried off his head, which was afterwards obtained by friends on payment of $60 ransom. The prisoners reported to have been taken were men surrendered by the villagers and supposed to be pirates; and they have been decapitated by the authorities in Wênchow. The late Captain Yip received his English education in the Hongkong Government Central School, and his nautical training in the Foochow Arsenal, where he passed his examination with honours. The *North China Herald* says he was considered one of the most efficient Chinese naval officers, and his premature death is a severe loss to the service.

ON the 17th October his Honour Sir Thomas Sidgreaves, Chief Justice of the Singapore Supreme Court gave judgment in the salvage case instituted by Alfred Holt, managing partner of the Ocean Steamship Company, of Liverpool, owners of the steamer Antenor, against the Singapore Steamship Company, owners of the steamship Jeddah. The particulars of the disgraceful abandonment of the Jeddah, with a large number of pilgrims on board, attracted much attention last year. The judgment awarded the salvage the sum of £6,000, of which £4,000 was to go to the owners of the Antenor, and £2,000 to be divided among the captain, officers, and crew of the steamer, as follows; Captain Bragg, and Mr. Campbell, the chief officer, £500 each; the chief engineer and 2nd officer, £150 each; and the balance among the remainder of the crew according to their ratings, the boatswain and four men who went on two occasions to the Jeddah on the night of the 8th August receiving two shares each.

JAPANESE enterprise is taking a new direction. The Kenshiu-maru, a sailing ship belonging to the Fuhansen Kwaisha, the first sailing vessel navigated by Japanese alone that has made a voyage to a foreign country, has arrived at Sydney. The Chinese, too, are entering upon extended shipping operations. We read in a Hongkong paper that a Chinese association or company for trading purposes has been formed, the head-quarters of which are to be in London. The C. M. S. N. Co.'s steamer Meifoo, which has left Honkong for London with a cargo of tea, takes as passengers Messrs. Lun Shi-ting and Liang Sing-un, the managers of the new company, and their staff. The Meifoo is the first Chinese trading steamer which has gone to England.

IT would be impossible to exaggerate the sensation caused in Paris by an article of the *Gazette Hebdomadaire de Medecine* depicting a dreadful state of disease in the army in Tunis. Tyhhoid patients, without beds, are sleeping in their clothes and spreading infection. The only official answer is that the Minister for War, who lately refused civil help on the ground that the military sanitary service was superabundant, has ordered an inquiry.

THE BOMBAY VOLUNTEERS.

THE first parade of the season took place on Saturday afternoon, when five of the six Bombay companies—or it would be more correct to say a portion of each of the five companies—assembled at the Town Hall, under command of General Hewett, the Commandant, and were marched along Church Gate-street, the Esplanade Main-road, past the Gymkhana, the Marine-lines Cross-road, through Marine-lines, Queen's-road, between the Post Office and Public Works Secretariat into Rampart-row, and down to the Apollo-bunder. Here they piled arms and broke off; and after an interval for refreshment, they were formed up again and marched to the Wellington Fountain, where they were dismissed by the Adjutant, Lieut. Proudfoot. The turn-out was rather disappointing, there being only 163 of all ranks on parade; but there were one or two things to account for this, and we hope to see a better muster next Saturday. F. Company, for instance, was unrepresented except by one or two men, an unfortunate dispute regarding insubordinate conduct of the colour-sergeant to an officer, which has been long pending, preventing the company from turning out; and some members of the other companies have not got their full dress uniform yet, while others, we heard, found they had put on so much flesh during the interval since the close of last drill season that when they came to dress for the parade they could not get their patrol jackets on. The affair of F. Company, we are glad to hear, is to be settled at once—the colour-sergeant, we understand, has been found, after careful inquiry, to be in the wrong, and will be called on to resign; when there will be some chance of seeing the company muster again on parade in its old strength.

The officers present on Saturday, besides General Hewett and Lieutenant Proudfoot, were Captains Noble, Mayhew, and Tennent; Lieutenants Free born, Whitehead, and Anderson. The field state was as follows:—I Field officer, 8 officers, 19 sergeants, and 135 rank and file. D. Company had the best muster:—3 officers and men; B. Company came next with 2 officers and 28 men.

DEFRAUDING THE G. I. P. RAILWAY COMPANY.—Bodoo Baboo was on Saturday last convicted by Mr. Dosabhoy Framjee of defrauding the G. I. P. Railway Company by travelling from Jubbulpore to Bombay without having previously paid the railway fare. He was fined Rs. 20, or in default to undergo fourteen days' rigorous imprisonment.

STREET ACCIDENT.—Khemma Cushall, a child about three years of age, whilst playing out at Cursetjee Sooklajee-street on Saturday evening last was knocked down by a horse being driven in a carriage belonging to Burjorjee Rustomjee Mistry, and sustained a fracture to his right shoulder-blade. The child was removed to the J. J. Hospital for treatment.

THE BISHOP OF GOA.—The Bishop of Goa, who had made preparations for his return to Portugal, has been requested, by a telegram from the Lisbon Minister, to postpone his departure until December next. Orders have likewise been received to put the Archiepiscopal palace at Pangim in thorough repair previously to its being fitted up for the reception of the new Archbishop, who is expected to arrive in the course of next month.

A FEROCIOUS DOG.—On Saturday last Nowrojee Cowasjee was charged before Mr. C. P. Cooper with suffering a ferocious bull-dog belonging to him to be at large without a muzzle. The dog in question, it appears, was being led by the brother of the accused on the night previous on the public road near the Marine-lines, when a cow belonging to a milkman snorted at the dog, on which the animal became very violent, broke loose from its keeper, and bit off one of the cow's ears. The magistrate, in disposing of the case, warned and discharged the accused on his undertaking to provide the dog with a muzzle.

THE GRAND LODGE.—At the last quarterly communication of the Grand Lodge of all Scottish Freemasonry in India, Rt. Wor. Bro. Khan Bahadoor Jamsetjee Dhunjeebhoy Wadia, Master Builder of the I. G. Dockyard and a Past Master of Lodge "Rising Star of Western India," was appointed Deputy Grand Master. This is, we believe, the first instance in which this high office has been conferred upon a native of this country. Rt. Wor. Bro. D. R. Chichgar, secretary to the Freemasons' Hall Committee, and also a Past Master of Lodge "Rising Star of Western India," was nominated Senior Grand Warden.

FORGING PILGRIM TICKETS.—The case against Ebrahim Soomar, a servant to the firm of Oosman Vahedina, owners of pilgrim ships, was resumed on Saturday last before Mr. C. P. Cooper. The defendants are charged with forging documents purporting to be passage tickets per certain steamers issued by the firm of Oosman Vahedina, and fraudulently using the tickets, knowing them to be forged, during the months of September and October, 1881. Mr. Sealey, pleader, appeared for the defence. The evidence of two witnesses was taken for the prosecution: after which the prisoner was formally committed for trial at the ensuing Criminal Sessions of the High Court.

SAILORS' PLEASANTRY.—On Saturday last two seamen of H. M.'s troopship Serapis, were charged before Mr. C. P. Cooper with causing damage to a hack-buggy on the 1st instant. Mahomed Jaffer, the driver of the hack-buggy, said that on the evening of the 1st November three seamen of H. M.'s troopship Serapis engaged his buggy. While returning from the soldiers' canteen at the Colaba barracks towards the Fort, the two accused met them near the church, and insisted upon getting into the buggy. He protested against their doing so; thereupon the defendants clung to the hood of the buggy at the back, and the shafts suddenly giving way, the buggy capsized. He and the three men in the buggy were thrown on their heads. The seamen who were in the buggy said they did not observe the defendants cling to the hood, and that the buggy broke down owing to their own weight. A native runner, who was following the buggy, said that the shafts broke while the two accused were holding the hood from behind and were running along with it. Inspector Collett said that he had examined the buggy in question, and found the shafts to have been completely rotten at the place where they had broken off. The magistrate, in disposing of the case, remarked that the complainant had himself violated the law by carrying a greater number of passengers in his public conveyance than he was licensed to do. The defendants were discharged.

DEATH IN A TRAIN.—An inquest was held on Friday at Talligaum, on the body of a woman who died in the down Kistna mail-train. The jury summoned by Fouzdar Appaji Narayen returned a verdict to the effect that death was caused by old age and infirmity. —*Deccan Herald.*

INTER-REGIMENTAL CRICKETING TOURNAMENT.—The 15th (E. Y.) is one of the old cricketing regiments, and one of which any sporting colonel might feel proud, nearly every company taking an interest in the game. In order to encourage cricket, the regiment has offered prizes—to the winning company Rs. 60, to the second Rs. 36, and to the third Rs. 12. The tournament commenced on the 31st October, and will last until the 25th November. Such sports as these deserve to be encouraged, especially by the regimental authorities. As several of the men have made excellent scores and shown fine form during the earlier part of the season, we are quite prepared to see some good play during the final struggle.—*Poona Observer.*

BOMBAY GYMKHANA GOLF.

THE second competition for the monthly handicap medal took place on Friday and Saturday mornings, and we were glad to see a bigger field than usual turn out to do battle for it.

The first day's play resulted in Dawson achieving the best recorded score this season in a carefully played 52, which, with or without his points, give him a comfortable lead of everybody else; but the next morning his arm lost its cunning, and his round was not one upon which he could again be congratulated. He nevertheless succeeded in winning the event by two, strokes; Stiven being "runner up," and Arnot's total for the two rounds being the best "scratch" score. Melvin, the winner of the medal last month, retired after the first round. The following are the scores:—

J. Dawson	52	65	117	12	105
J. Stiven	54	59	113	6	107

We hope to see as good a gathering for the more important competitions at the end of this month for the St. Andrew's Gold Medal and handicaps.

DR. DE JONGH'S LIGHT-BROWN COD LIVER OIL.—In Throat Diseases its efficacy is unequalled. Sir G. Duncan Gibb, Bart., M.D., Physician to the Westminster Hospital, writes: "The value of Dr. de Jongh's Cod Liver Oil as a therapeutic agent in a number of diseases, chiefly of an exhaustive character, has been admitted by the world of medicine; but, in addition, I have found it a remedy of great power in the treatment of many Affections of the Throat and Larynx, especially in Consumption of the latter, where it will sustain life when everything else fails." Sold only in capsuled Imperial Half-pints, Pints, and Quarts, by all chemists, druggists, and store-keepers. Sole Consignees, Ansar, Harford and Co., 77, Strand, London.

ST. ANNE'S R. C. CHURCH, BYCULLA.

THE new Roman Catholic Church of St. Anne's, situated at Nesbit-lane, Byculla, was opened yesterday (Sunday) for public worship, after it had been duly consecrated by the Right Rev. L. Meurin, D. D., Roman Catholic Bishop of Bombay. This new church which is an excellent specimen of the beautiful architecture designed by the members of the Jesuit Society, stands on the site formerly occupied by the old St. Anne's chapel, which was built in the year 1787. About eight or nine years ago it was contemplated to build this new church on the same ground, and for this purpose funds were collected by voluntary public contribution. The first sod was turned on the 7th February, 1879, and on the 18th April of the same year the ceremony of laying the corner-stone of the church was performed by Bishop Meurin. The building is of Gothic style, with a nave and two side aisles, 126 feet long, 54 feet broad, and 50 feet vaulting, bearing a gallery 12 feet wide all round, excepting towards the eastern end, where stand the sanctuary and the middle altar. The pavement of the middle passage in the nave, and of the sanctuary, is composed of squares of white marble inlaid with squares of black marble. Over the high altar in the sanctuary are three large and elegant stained-glass windows executed by the firm of Mayer and Co., Munich. The centre window represents the ascension of our Saviour, that on the right the descent of the Holy Ghost, and that on the left the coronation of the Virgin Mary. The high altar has the images of the crucifixion of our Saviour, and of the Virgin and St. John in a kneeling posture immediately underneath, with St. Ignatius and St. Francis Xavier, one on each side; and over the whole is the image of St. Anne, the patron saint of the church. The altar at the east end of the right aisle bears the images of the Sacred Heart of Jesus, Immaculate Conception, and of St. Joseph; and the altar on the left the *Pieta*. The ornamental work in the interior of the church is to a great extent still incomplete, but when completed it will, no doubt, present a brilliant appearance. At the front entrance stand two towers, one to the right and the other to the left, each 40 feet high. The building was erected at a cost of about Rs. 50,000.

The consecration ceremony of the church commenced at 7 a. m., and was performed by the Right Rev. L. Meurin, D. D., assisted by the Rev. Father Dalhoff, rector of St. Xavier's College, and Rev. Father Kienzeer, the director of the Seminary, with a large concourse of priests and choristers. The ceremony was concluded at 11 a. m., when mass was solemnized, and lasted an hour; after which the solemn benediction was pronounced by the Bishop, and the large congregation, numbering about two thousand persons, who had collected within the new church and its precincts, gradually dispersed.

DEATH UNDER SUSPICIOUS CIRCUMSTANCES.

THE adjourned inquest into the circumstances connected with the death of Bhawoo Suntoo, an inmate of the David Sassoon Reformatory, was resumed on Saturday last at the coroner's bungalow, Byculla.

Gunput Rambhow, an inmate of the reformatory deposed that on the 20th ultimo, at about 12-30 p.m., he was at a stand-pipe washing clothes, when Rama Luximon came and asked him to wash some clothes. The deceased said to witness, "Why do you wash for Rama?" A quarrel then ensued between the deceased and Rama, and the deceased abused Rama. The latter then inflicted several blows on the left side of the deceased with his clenched fist, and the deceased fell down. He got up again, however, and laid down under a mango-tree, and soon after vomited. He went away and lay down in the shade, where he was found in an unconscious state. The deceased, previously to this, had been suffering from fever for four or five days, and was treated as an out-door patient at the J. J. Hospital.

Rajoo Govind, another inmate of the reformatory, corroborated the statement made by the last witness on all material points.

Sayana Ellapa, also an inmate of the reformatory, deposed that he had seen deceased and Rama quarrelling, and had also seen Luximan striking deceased. The witness then left. He saw nothing else of what is said to have transpired between Rama and the deceased.

The jury, upon the evidence adduced, unanimously returned the following verdict:—"That the death of Bhawoo Suntoo was caused by rupture of the spleen, the result of blows with the clenched fist inflicted on him by Rama Luximan under such circumstances that the act of Rama Luximon was culpable homicide not amounting to murder."

INDIAN BEER.

THE following copy of a letter from the Assistant Secretary to the Government of India, Military Department, to the Commissary-General, Bengal, dated Simla, the 14th October, regarding a contract for the supply of country-brewed malt liquor, has been sent to us from the Press Commissioner's office:—

With reference to your letters, I am directed to state that as Lucknow and Fyzabad are the only stations at which the cost of the supply of country-brewed malt liquor for the troops in Bengal compares favourably with that of English beer, the Government of India sanction your accepting the tender of Messrs. Dyer and Company for the supply from 1st January, 1882, to the 31st December, 1887, at Rs. 44 per hogshead.

The acceptance of the tenders for country beer at the other stations would, it is observed, entail an approximate loss of about Rs. 1,80,000, while there is some risk of failure also in trusting to the local supply of good beer during the whole of the extended period. The rejection, on account of the high rates demanded, of the tenders, will

community, in connection with the Baptist Church, will much miss his charitable aid. The deceased was interred in the Palaveram Cemetery, on Tuesday evening, with military honors.—*Mail.*

DEATHS IN MADRAS.—From the 22nd to the 28th ultimo, 4 Europeans, 11 East Indians, 10 Native Christians, 199 Hindoos, and 43 Mahomedans, died in Madras, making a total of 267 persons. The average of the corresponding week for the ten previous years was 258. The deaths are thus classified; 5 from small-pox, 2 from measles, 84 from fever, 35 from dysentery, 16 from diarrhœa, and 127 from other diseases. The population, according to the last census, being 379,552, the death-rate in the week under notice was at the rate of 34·9 per 1,000 per annum. The mean of the ten previous years was 33·8 per 1,000 per annum.—*Id.*

INVALIDS FROM BURMAH.—The steam-ship Himalaya which arrived to-day from Rangoon *vid* Northern Ports, brought a large number of convalescents from corps serving in Burmah, for the Wellington and Poonamallee Depôts. The men for Wellington proceeded to Fort St. George, and will remain there for the present. Those for Poonamallee marched direct to that station. The Native sick soldiers proceeded to join the Native Infantry Depôt at Palaveram except those who required immediate treatment, and these were sent to the General Hospital. One officer of the Ordnance Department and three Warrant Officers of the Medical Department, with followers, arrived by this opportunity to join their departments at Madras.—*Id.*

IRRIGATION RESULTS.—The total area of irrigation during the half-year ending 31st December, 1880, showed a decrease in Kurnool of 34·48 per cent., and an increase in Cuddapah of 5·6 per cent., or together 14·7 per cent. less than the area irrigated during the half-year ended 31st December, 1879. The revenue derived from irrigation showed a decrease of 44·02 and 3·70 per cent. to Kurnool and Cuddapah, respectively or together a decrease of 24·39 per cent. on the revenue realised during the half-year ended 31st December, 1879. The Chief Engineer for Irrigation explains that these were several causes which occasioned the decrease in the revenue derived from irrigation during the half-year under review, the principal being the seasonable rainfall which rendered unnecessary the use of canal water for the cultivation of crops.—*Id.*

STEAM LAUNCHES FOR TRAVANCORE AND COCHIN.—Some time ago it was reported that a few enterprising members of the mercantile community of Bombay had decided to send out steam launches to ply in the Travancore and Cochin backwaters from Tiroor down to the south. Nothing further has been heard about it, but the scheme is a laudable one, inasmuch as it will not only facilitate the purposes of trade, but confer a great boon upon passengers to and fro who generally avoid the Tiroor route on the score of a long and tedious journey, but who, in availing themselves of the shorter route by Trichoor, are exposed to the risk of both person and property. Judging from the accounts given from time to time of the daring robberies perpetrated on the road from Shoranore to Wadakancherry, half way from Trichoor, travellers would be but too ready to grasp the opportunity of a speedy journey to and from Tiroor by water, and it is to be hoped that the promoters of the scheme have not abandoned a project so useful and so generally approved.—*Madras Times.*

ROBBERY IN THE CHITTOOR JAIL.—Rumour goes that the jail at Chittoor has been robbed of Rs. 400. On a Saturday Rs. 400 was drawn from the Treasury to be paid to the contractor of the jail. This money not being paid upon that date, should have been kept in an iron safe in the jail office, but unfortunately the superintendent of the jail not having brought the key of the safe to office allowed the money to be kept in an ordinary wooden box. On Sunday the box was found correct, but on Monday morning the jailor, on entering his office, saw that it had been tampered with, and on examination found the money gone. He reported the matter to the Superintendent of the Jail immediately. It was usual for two warders to have charge of the office key, and they slept also at the threshold of the office during the night; in fact, they were supposed to be always present there, so that if the money was taken by any one they should be aware of it. A preliminary examination was held, and the two warders were warned to exert themselves in finding out the culprit. It appears that one of the warders committed suicide by drowning himself.—*Athenæum.*

THE NEW GOVERNOR.

A *Fort St. George Gazette Extraordinary* issued on Thursday contained the following notification:—

The following officers will be in attendance on the Central Railway Station platform:—

The Brigadier-General Commanding the Centre District and the District Staff.
